Club of Orangeville

## Tonight's Speaker

### Kevin Walsh, Photographer

The art of photography was presented to us tonight. Thanks to frequent visitor, and photographer, Peter Dusek who introduced Kevin Walsh to us.

Kevin gave a most interesting talk with lots of humour, some excellent photographs and many useful tips for all types of cameras.

Thanks Peter!

## Our Newest Member

### Dr. David Scott

Our newest member, yes, but David was a member many years ago. His father, also Dr. Scott, was a charter member of RCO so we were most pleased to welcome David back.

Now retired, David was a prominent Surgeon in our area for many years.

During his absence from our club, in 2004, David was honoured with a Paul Harris Fellowship.

Knut and Susan were pleased to welcome David back to RCO!

## Club News

### Ribfest Sponsorship Committee

The Splashpad is Open! (See Photos later in this Rotooter.) The Official Opening is coming up in July! We have \$69,000 to meet our commitment to the Town, so work hard to get your potential sponsors signed up!

### Ribfest Volunteers

Amie needs Rotarians, Spouses and Friends to sign up for shifts during our Ribfest event, so please contact her asap!

### Giant Rotary Golf Ball Drop Tickets

Lorna is arranging lots of opportunities for us to get out and sell our tickets. Photo was last Saturday, our next Market Selling date is Sat. Aug 22<sup>nd</sup>..

*The Committee has clarified the Rotarians and Family are eligible to buy tickets as the event will be independently witnessed and recorded.*

### Relay for Life News

Lori Smith has advised that due to the weather, a last minute change was made to move the event indoors and it worked. Some \$70,000 was raised with only half the normal number of participants - well done Lori team!

## Famous Rotarian of the Week

### Francoise Barré-Sinoussi Virologist, Nobel Prize Winner

**Born** July 30, 1947 in Paris France

She joined the Pasteur Institute in Paris in the early 1970s and after receiving her PhD she interned at the US National Institute of Health before returning to the Pasteur Institute.

Her main research focused on a particular group of viruses and this led to her to discover the HIV in 1983. For this discovery she was awarded the Nobel Prize in Physiology or Medicine together with Luc Montagnier and Harald zur Hausen.

She is an active member of the **Rotary Club of La Rochelle-Aunis, France**
