We are happy to announce the Rotary Club of Orangeville has adopted February's Orangeville blood drive on Monday Feb. 25, 2019. What does that mean? We have committed to rally 10 eligible donors from our club to donate blood as a group, as well as use our network to help Canadian Blood Services fill the event with enough eligible donors to collect 120 pints of blood. The need for blood is constant and one day it could be you or someone you love that needs the life-saving power of blood. Stay tuned for more details via email and help us spread the word! Together, we are Canada's Lifeline!
