

## News from Haiti:

Lynda has received an email update from Bonnie advising what's been going on since the Fish Pond and Chicken Coops were completed. Here are some of the news items:

*"We have started a garden to help supplement the eggs and fish food sources and is named Petite Eden.*

*It is on the same property as the chicken coops and the fish ponds.*

*There is corn and beans as well as banana and mango trees."*

**"Petit Eden" - circled - by the Coops across the Fish Pond**

**Banana Trees**

*"Things are going well with everything there and we are adding a small pond for fingerlings and adding more chickens and ducks."*

*"I asked Wagner more about plants and he said 300 banana trees are planted and he would like to plant 1000, he is making it look professional."*

Bonnie and Bruce will meet soon for more detail once Bruce returns to Canada by sailboat.

He had started out on a journey to Africa, but got stuck in the Azores en route when the pandemic halted travel.

He flew home to Canada for several months, then tried to continue his trip in the Fall, but still could not proceed so he is now heading home.

Thanks Lynda for keeping us apprised of what continues to be the great work of Bonnie, Bruce and Wagner on Ile-a-Vache!

**Planting Corn**

## Club News:

### Salvation Army Kettle:

Thank you Members for stepping up and volunteering again this year. Our shifts are basically full now - just 2 on Friday needing a second volunteer.

The final Schedule will be emailed separately - just to all those who signed up. See you at the LCBO!

### Seniors' Markets:

Lynda advised that all the December Markets have been compressed into 3 days:

Dec 16-17-18.

Should you wish to join in a Market, please coordinate days and times with Lynda.

### Christmas in the Park:

It's taken a while but a joint display from RCOH and RCO is to be set up shortly at the Lord Dufferin Centre. This display is the same as last year's at KayCee Gardens, but that event is not open to the Public this year.

So the Town has arranged for a Holiday Lights Extravaganza - a Map of all displays on the Town website.

### Christmas Social:

Hope everyone ordered their meals to dine on prior to our meeting.

To those who have not, you still are welcome to attend on line for the fun and games.

Thanks Ingrid and Lorna for arranging what promises to be a great Meal and Social!

# Who's Who Identified:

Thanks to those folks who filled in the missing names:

## A Bit of Nostalgia from our Rotary Past:

Years ago, RCO held a fundraiser called Jail-N-Bail where Rotarians arrested local celebrities in Town, brought them before a Judge (Doc Gillies) tried them for (fictitious) offences and held them in jail at the Mall for up to 30 minutes or until they earned enough Bail Funds for their release.

Rotarians in Keystone Cop garb toured the Town searching for culprits to arrest. Often the "squad car" was Keith Hunter's classic car; later an actual police cruiser.

Always a fun event, while at the same time raising some considerable funds for Rotary.

All the Culprits have been identified

Thanks to all who advised!

### How Many Folks Can You Name?

For sure:

- |               |              |
|---------------|--------------|
| Judge:        | Doc Gillies  |
| Keystone Cops | Keith Hunter |
|               | Bill James   |
|               | Fred Hill    |

*But who were those being arrested?*
