

Let's Make Orangeville Shine 2022

Our 32nd Annual Community Cleanup Day was another RCO success!

Event Chair Ed and his team, did a great job organizing our Drive-Thru event this year and sent the following email to the team immediately following the event"

"What a beautiful day to enjoy the LMOS success! We had 85 people register and some came to the park to get their kits and participate. Many thanked us for holding the event. They really missed last years. We also did a survey to determine how they heard about the event.

Charles can give the exact numbers but the list really shows us the importance of sharing the news of the event using all methods available.

Many were informed by the posters distributed to businesses on Broadway and First St.

Facebook posts were a great hit.

Students were informed by their teachers and posters in the halls. (I sent an email with the poster to the vice principals a month ago and encouraged volunteer hours)

The electronic road sign by McDonalds/Shoppers on Broadway drew a lot of attention. Thanks for taking charge on that Councilor Grant.

Many looked for the event on the town website.

Some found the event in the newspaper.

I am so proud of our team!

Thank you

Sheri, Bill, Charles, Grant, Don, Nancy

Thank you for Making Orangeville Shine."

You are all shining stars!"

Set up and Ready to go

Lots of Kids

Lots of Students

Most of the Committee

Team St. Mark's
